ARTICLE II: PURPOSE

We are formed as an organization to provide protection of life, property and health, and to promote fire prevention and to provide public assistance.

ARTICLE III: MEMBERSHIP

Any resident of Silver City or adjacent communities at least 18 years of age may apply for membership. Any resident between 16 and 18 years old may apply to become a cadet. Upon acceptance of application by this department's Fire Chief, the applicant shall be placed on the roster under probationary status for a minimum of 3 months. The application may be rejected at any time during the probationary period by order of the Fire Chief and/or approval of such motion by the department's membership.

Applicants from other fire departments within Lyon County and surrounding counties may be eligible for membership status if SCVFD requirements have been met within their former departments, and provided that time out of the fire service was not longer than 3 years. No applicant shall be denied based on race, color, religion, sexual orientation, or gender. No member or applicant shall be denied member status because of political beliefs and/or membership or association with any other organization.

The Silver City Volunteer Fire Department shall fully uphold the Constitution of the United States of America and the Bill of Rights as it applies to each and every volunteer member as a citizen of this country. No member shall be required to surrender his or her civil rights as a condition of membership.

BY – LAWS
Silver City Volunteer Fire Department

There shall be three types of membership: Firefighter, Support, and Cadet. There shall be three status levels of Firefighter membership that include: Active, Inactive, and Exempt. These status levels are guidelines and may be altered according to specific situations (i.e., work or school schedules). Exceptions to these guidelines will be made by the fire chief and/or a majority vote of the membership. There shall be three levels of Support membership that include: Auxiliary, Associate, and Exempt. Each level is defined as follows:

a) Firefighter Membership

Firefighter applicants in probationary status must attend 40 hours of introductory level training to become eligible for membership. To become a Firefighter this training must include at least 32 hours of firefighting training with no more than 8 hours of medical training counting toward the 40 hours. To become an EMS first responder this training must include at least 20 hours entry level firefighting and 20 hours first responder medical training. Any applicant seeking only EMS first responder status may attend medical and rescue emergencies, and may attend fire emergencies but as a medical standby only. An applicant in probationary status may become eligible to run calls after the first 24 hours of training. All time spent working emergencies shall be counted toward training hours. Upon completion of the 40 hours of training and the minimum time requirement the firefighter applicant in probationary status becomes eligible for membership. The membership may approve applicant as a member by majority vote.

ACTIVE FIREFIGHTER

For a firefighter member to maintain active status they must meet a minimal amount of requirements. An active member may be evaluated at any time to ensure requirements are fulfilled. An annual review of all members will be completed by the Fire Chief prior to each election. The requirements shall be as follows. A firefighter must maintain a minimal response of 20% of all calls in a six-month period. A firefighter must complete a minimal level of training based on their years of service. A firefighter with less than 5 years of service must complete 12 hours in a six-month period. A firefighter with 5 to 10 years of service must complete 10 hours in a six-month period. And a
